The Pledge of Allegiance was recited.

Council member Olson stated the council needs to make a decision on this building and let the contractors know one way or the other. Council member Lorentz asked council member Nelson if we have a for sure dollar amount that the Lions Club will be willing to donate. Council member Nelson said \$50,000 is what the Lions Club would be willing to donate. Council member Lorentz said, after thinking about it, this is a good idea and isn't against the idea and see's the need for the building but the city has spent enough money this year and wouldn't want to put the city in tough spot if we decide to spend this money and something else would come up. Council member Kimball stated that he agrees with council member Lorentz that the city should wait and that the city didn't budget for this and this is something the city could budget for next year. Council member Olson stated this is something that can wait and that the city has other expenses that more important to worry about. The council decided to table the Lions Park/City Maintenance building for now.

There being no further business to come before the City Council, (Action 24-04-51) Council Member Lorentz moved to adjourn at 8:24 p.m., seconded by Council Member Kimball. Motion adopted unanimously.
